YWCA of Muskoka

Re) Careers: On and Off the Beaten Track

Dear Carolyn:

I would just like to thank your organization and Hannah Lin in particular for the slate of great speakers that you were able to recruit for my Careers class. The variety of people was spectacular and their ability to relate to my students was admirable. This is a service which can be well used in career courses as well as in other areas of curriculum at the high school. Keeping students and teachers in touch with the “real world” is a tremendously useful enterprise.

Thanks again,

Frank Brouse  
Careers Teacher
